Very Enthusiastic Union Meeting HALLADAY MAKES BIG IMPRESSION

The cause of Union government got away to an excellent start on Thursday last when the candidate H. H. Halladay with J. S. Mavor and E. Trotter addressed a fairly large audience in the Gem Theatre on the whys and wherefores of Union Government.

H. O. Breen, vice-president of the local Union association was in the chair and in a brief address introduced the speakers.

The candidate in an exceedingly able and business-like speech, during the whole of which he never once indulged in criticism of his opponents, made a great impression upon the audience, by his obvious sincerity and the manly presentation of his platform.

He emphasized the need of united effort towards the pursuance of the war, and he proved conclusively that Canada as a distinct entity in the group of nations now fighting for the freedom of democracy must continue to stand side by side with the allies, until the principles for which they are fighting have been attained.

He said he was not going to be satisfied by promises; he required action, and stated that when any cabinet, just previous to election, had the courage of conviction to entirely prohibit the manufacture of alcohol, had strength of purpose for the prevention of profiteering to end the profits made by Cold Storage and Packing Plants to seven per cent ON CAPITAL INVESTED and the liberty to make it if the chief

was in the war to the last man and the last dollar, he was satisfied that in supporting such a cabinet he could do so with the full conviction of their sincerity.

He was sufficient student of present day history to know that the boys at the front needed reinforcements and needed them today, and he did not intend to mince matters in the slightest degree, but wanted to tell his audience that if he was elected he would see that they got them.

He talked in the conscription of men and material and he would support it to the hilt. But, he did not believe in the wholesale drafting of men which would take those necessary for the production of food and materials from their occupation.

He knew that it was not the intention of the government to take any legitimate farmer from the land, and assured those present that, if by any mistake farmers had been taken by the tribunals, they would be sent back in a very short time.

In conclusion Mr. Halladay said that he had only four planks to his platform which were to win the war first, second and third, and lastly to support the farmers' platform. He was a farmer and he believed that there was not a word in the farmers' platform which he could not heartily endorse, especially as the man who, perhaps, might be called the builder of that platform, the Hon. T. A. Crerar was Minister of Agriculture in the government which he (Halladay) supported. It was not to be supposed that Mr. Crerar would forsake the principles of a lifetime just when the opportunity arose for putting them into effect.

J. S. Mavor, who followed, dealt at length with the many phases of the election but insisted that in reality there was but one issue and that the clearest which perhaps had ever been presented to an electorate: "Shall we quit or shall we go on with the war."

"How many men," he asked, "in the first few months of the war,

had found any fault or ground for criticism with the thousands of men who had voluntarily enlisted? No! out! We were all proud and anxious to commend them; to pat them on the back, and tell them they were doing the right thing. And yet we now going to forsake them because they are in a tight corner? We certainly would not be doing the right and honorable thing by them if we refuse them the aid which we know they are in such urgent need of."

But Laurier says "Let the people rule." Which people he asked? The mob who refused to give the Prime Minister a hearing. Sure! that is the class of people who would rule if Laurier's referendum was put to the people. They and the men who seek election from such elements."

Mr. Mavor reiterated the remarks of the candidate regarding the work already accomplished by the Union government and then in a masterly manner dealt with the subject of conscription around which he initiated the whole issue of the election revolved. He quoted figures from the report of the overseas minister of war showing the number of casualties and the number of reinforcements available in England and France. He also gave the official figures of enlistments during the last few months showing conclusively that if we are to support our line at the front conscription was the only possible means by which it could be accomplished. He quoted

figures from the report of the overseas minister of war which stated that men were being sent back to the trenches who were hardly able to walk, men who were lame, men who had lost fingers and one of their eyes were sent back again because there were not sufficient troops on hand to replace those who were permanently put out of the fight. And yet Laurier says we will submit a referendum. A referendum would take months to complete and its decision would not be the decision of the Canadian people alone but would be the decision of every enemy voter in the Dominion. It would not be hard to judge the outcome of such a referendum. In the meantime Canada's lines in Flanders were growing thinner and thinner until they would at last vanish entirely.

Mr. Mavor concluded with a ringing appeal for support of the Unionist cause. "For God's sake, for our boys sake" he said. "Remember when you mark your ballot that they will be watching for a response from the red-blooded among us, that we are behind them and will remain with them to the bitter end."

Mr. Trotter, who introduced himself to the audience as the person who purchased the first town lot sold in Bassano, also made an eloquent appeal for support of the Union government. He said he had been a life-long liberal until the stand taken by Sir Wilfrid Laurier upon the great issue of the war had caused him to break away from him and transfer his allegiance to the Union government. For he said the fortunes of the party in such a crisis were of no account whatever in the face of the shame and ignominy which will confront every Canadian if we forsake our boys in their hour of need.

The local unionists are highly delighted that such a candidate as Halladay has been found; and they are confident that the right man has been found for the job. Other meetings will be held in Bassano before election day particulars of which will be announced later.

TOWN COUNCIL

The attack on the town of Bassano in the Council meeting last Monday evening, when the Mayor and the Council dropped bombs on the Councilors by holding in their hands. We may expect to see a similar attack any day now from the Mayor and the Council.

But we are anticipating. To return to the meeting. Letters were received from the Military authorities with reference to the request made by the Council at the previous meeting that Mayor Train to grant exemption from January 1st, 1918, which stated that until the Mayor was ordered to resist the request could not be made with, but suggested that Council repeat their request for it.

The resignations of the Engineer and the secretary-treasurer were received, the latter being absent for physical reasons. The former was referred to the Water Works Committee and the latter to a special committee to deal with.

The secretary was instructed to write the Minister for Municipal Affairs stating fully the case of Crown Lumber Co. and Mrs. Harris regarding the purchase of lots by the latter, enquiring whether the town can consider their acceptance of Mrs. Harris, in favor of Crown Lumber Co., without incurring liability to the town.

Harry, not being permitted to speak, did not venture on being too busy to attend the meeting, and the Council adjourned adjourned, following the usual ceremonies from John.

COMMUNICATION.

PARADES, ALFA.

Dear Sir,
We wish to call the attention of your readers to the article in your paper of a recent issue. We are very sorry indeed that we have printed to our name a handle, evidently your correspondent has never been to Kentucky. If we had his modesty would we be shocked. As you know that Kentucky is full of Corn and the Colorado are full of corn. What of it?

ANOTHER who says we are the part of the Empire that we refer to as our just as the indication that we are an imperial and would lead the public to think we are also imperialistic. I think if he will read the history of our ancestors, he will find the history of our ancestors, General J. E. B. Stewart of Civil War fame and numerous others. But to tell the truth, we do love peace. What truly patriotic Canadian is there, that does love war, but under present circumstances are willing to fight to preserve what little democracy we have. I maintain that I am doing "my bit" to help whip the Hun.

I have furnished the Allies with some 25,000 lb. of pork and 30,000 lbs. of wheat. I am a producer and I consider I am as necessary as a man in uniform at present time. I have around 30,000 lb. of pork ready to place on the market, and we doubt some of it will be in the first line of trenches before another year. I maintain this the farmer is necessary to maintain all these war efforts, as one of our great American generals once remarked, "an army fights on its stomach and a hungry army becomes a mob."

We further wish to state that if our country needs us at the front, worse than producing food, we are patriotic enough to go and we will go your correspondent one better, we will go without a consultation and fight like a man in the front line of trenches and get our commission on merit instead of political pull.

We are not afraid to sign our name to this article either.

BUY AN IRRIGATED FARM

From the Canadian Pacific Railway

BECAUSE

Irrigation makes the farmer independent of rainfall, and increases crop yield, not occasionally, but EVERY YEAR.

Irrigation makes possible the successful culture of alfalfa, the King of alfalfa, which in turn gives good returns in dairying and mixed farming.

Irrigation means intensive farming and close settlement, with all the advantages of densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Irrigation Act is no longer an experiment, the years that it has been tried have abundantly demonstrated its success wherever intelligently applied.

This is the most liberal offer of irrigated farm land on record.

QUEENSTOWN

The Queenstown Farmers Union will hold its Annual Meeting December 14th, 1917, in the Pioneer School. The business meeting will start four o'clock in the afternoon. There will be supper, entertainment and dance. President Wood of the U. F. A. has promised to be on hand for a speech.

The work of subscription money for the New Farmers Hall is progressing. Over \$2000 have already been subscribed and donated. When another thousand is obtained, the hall will be ready. Asgard has offered the Committee two acres of land free, to put the hall on, at the corner a half mile north of the town which is claimed to be the center of the whole Queenstown and Majorville districts.

Mr. J. A. Asgard has retired from business and sold out to the late Louis. The store is now being operated by L. Asgard and Jim Stuart with Jim in charge, and a brand new complete stock of goods has been purchased.

Some of the Queenstown four hundred have left for California, and others are leaving soon to go to the States, all will be bringing the grain trail.

Perhaps there will be some surprises for the old time politicians the day after election. In this riding a very large percentage of farmers have joined the N. P. League and when a hard fought farmer dips down into his jeans and

SUPPORT UNION GOVERNMENT

Liberals and Conservatives are United
The People Must Unite to
Win the War

A Laurier-Bourassa Victory means deserting our boys in the trenches for over a year, throwing up our hands and quitting! Don't ask "Kamerad" under the Referendum proposal. Come out and fight for Union Government.

Make No Mistake

IF LAURIER WINS:

- (1) Canada will send no more reinforcements to the front, which practically means quitting the war and placing the country in the same class as Russia.
- (2) The French-Canadians who have shirked their duty in this war will be the dominating force in the Government of the country.

ARE THE ENGLISH-SPEAKING PEOPLE PREPARED TO STAND FOR THAT?

It is because the French-Canadians have not done their duty that Conscription had to be resorted to. The French-Canadians have made it perfectly clear that they do not like the war and are against Canada participating in it further. Some of them even go to the length of saying that the soldiers should be brought back from the front. The Nationalists are demanding that the men who have been enrolled under the Military Service Act be disbanded and sent back to their homes. To secure the Nationalist support Laurier-Liberal candidates in Quebec have signed the following pledge:—

"I, the undersigned, candidate in the Federal Elections, undertake by these presents, if I am elected to demand the immediate suspension of Military Service Act, 1917, and of all its effects until Canadian electors have pronounced by way of plebiscite, and should the majority of the electors condemn it, that it be considered as null from its origin and that in consequence all conscripts be disbanded."

"I also undertake to vote against any Government which should refuse to adopt the above mentioned policy."

What are You Doing for OUR BOYS?

Just imagine what you would feel like if, after doing a hard week's work for a friend in the worst kind of weather, up to your waist in mud and slime, without being able to rest, wash or bathe, in constant danger the whole time, your service being purely voluntary, try to imagine what you would think of him, if when your work was done, you were sent away cold, dirty and hungry without even an invitation to go inside to warm your body, clean your clothes or without one word of friendly greeting.

How would you feel?

Especially when you know that the man you had worked so willingly for had been able to make big money as a result of your sacrifice.

This is exactly what is happening at the Front!

EXCEPT

Where the Y. M. C. A. Huts stand like Oases in the desert of desolation.

Don't you feel that you would like to do something for the boys who are doing everything for you?

Wouldn't you like to bring one hour's enjoyment into their lives in token that you appreciate their sacrifice.

Then subscribe to the funds of the Overseas Y.M.C.A., whose sole mission is to provide a little touch of home to our boys both in the trenches and in the rest camps.

No contribution can be large enough—none too small.
